11 AAC 06 is amended by adding a new section to read:

**11 AAC 06.061. ACCEPTANCE OR REFUSAL OF UNIFORM COMMERCIAL CODE (UCC) RECORDS.** (a) The duties and responsibilities of the filing officer with respect to the administration of the UCC are ministerial. In accepting or refusing to file a UCC record under this chapter, the filing officer may not

(1) determine the legal sufficiency or insufficiency of a record;

(2) determine that a security interest in collateral exists or does not exist;

(3) determine that information in the record is correct or incorrect, in whole or in

part; or

(4) create a presumption that information in the record is correct or incorrect, in whole or in part.

(b) If the filing officer finds grounds under AS 45.29.516 to refuse to accept a UCC record, the filing officer shall return the record to the remitter with the communication required by AS 45.29.520(b), and shall return or refund the filing fee.

(c) The first day on which a continuation may be filed is the date corresponding to the date upon which the financing statement would lapse, six months preceding the month in which the financing statement would lapse. If there is no such corresponding date, the first day on which a continuation may be filed is the last day of the sixth month preceding the month in which the financing statement would lapse. The last day on which a continuation may be filed is the date upon which the financing statement lapses. Under AS 45.29, acceptance by the filing officer of a continuation that could have been rejected under this subsection does not make the record effective.

(d) Under AS 45.29, acceptance by the filing officer of a UCC record that could have been refused under AS 45.29.516 does not make the record effective.

(e) If a secured party or a remitter demonstrates to the satisfaction of the filing officer that a UCC record that was refused for filing should not have been refused, the filing officer shall file the record as provided in this chapter with a filing date and time assigned when that filing occurs. The filing officer shall also add a comment to the index of the record stating the effective date and time of filing as the date and time the record was originally tendered for filing and rejected. The lapse date for that record is calculated from the date the record was originally tendered for filing and rejected.

(f) The filing of a correction statement under AS 45.29.518 does not affect the effectiveness of a UCC record.

(g) When a UCC record submitted for filing is filed, it becomes the property of the state. (Eff. / / , Register )

11 AAC 06 is amended by adding a new section to read:

**11 AAC 06.062. SEARCH REQUESTS AND REPORTS.** (a) To retrieve a UCC record, by the name of the debtor or by the file number of the initial financing statement, a person may

(1) electronically search, at a filing office, the index established under AS 45.29.519;

(2) electronically search the index established under AS 45.29.519 by accessing the department's internet website; or

(3) submit, in accordance with this section, a request to the filing office for a search under AS 45.29.523 of the index established under AS 45.29.519.

(b) A search request under (a)(3) of this section must

(1) set out the name of the debtor to be searched and whether the debtor is an individual or an organization; a search request shall be processed using the name in the exact form that name is submitted.

(2) set out the name and address of the person to whom the search report is to be sent; and

(3) include the appropriate fee in accordance with 11 AAC 05.010(a)(15)(E) or (F).

(c) A search request under (a)(3) of this section may be delivered to the filing office by any of the means by which UCC records may be delivered to the filing office under 11 AAC 06.051(c).

(d) If a filer requests a search under (a)(3) of this section at the time an initial financing statement is filed, the debtor name as set out on the form shall be searched if the form is accepted and the relevant search fee is also tendered. The requesting party must be the remitter of the initial financing statement, and the search request shall be treated as a search that would retrieve all active financing statements filed on or before the date the initial financing statement is filed.

(e) If a continuation is not timely filed with respect to a financing statement, the financing statement lapses on its scheduled lapse date, but shall continue to be reported on a search as an active filing. On the first anniversary of that lapse date, that financing statement shall be rendered inactive, so that it is no longer reported on a search. (Eff. / / , Register )
